NEWS OF THE BALL FIELD, RACE TRACK AND PRIZE RING.

Opening of the Trotting Season at Beanings To-Day-Washington's Easy Victory Bader's Remarkable Fielding General Notes.

The new Bennings track seems to be a veritable mascot for all who are connected with it. The Washington Joekey Club, not only had excellent wenther and good crowds, but It gave a week of rattling good sport. The new trotting association, which began its meeting to day, opened under as auspicious circumstances as marked that of the Jockey Club. It could not have selected a better day, and the Washington Driving Club is to be congratulated that in the restoration of trotting meetings to this section of the country, it should be especially favored both in attendance and weather. The entries show a remarkably large numher of horses, considering the early date, as it takes some time to get the horses ready and trainers hesitate about

Just as in the case of the Jockey Club, which opened the running season, the Driving Club will inaugurate the trotting and pacing season. This is quite a compliment of itself, and shows that turfmen are beginning to realize that this city is a good racing town, and one in which the meetings will be liberally. in which the meetings will be liberally

There were a large number of horsemen at the tracks this morning preparing for the races. Sulkies were being washed and fixed up, and during the morning a number of flyers were speeded around the track. Everything looked bright and new. There have been a number of improvements made since the running meeting and the course is now in excellent condition. The track could not have been better.

Last week's rains put it in prime shape. It is very fast, but no very fast time is expected inasmuch as the horses have not had sufficient practice this year. The grand stand was well filled and there was a number of ladies present. The pool-sellers did an excellent business, and the betting on the different events was quite lively. To-day's pro-gramme included three races—two trot-

ing and one pacing. First race, 3:00 class (purse, \$500)—Milton Greenway, Havre de Grace, Md., s. g. Harry C.; William B. Denny, Washington, D. C., b. m. Nellie S.; Wash. The Washingtons experienced no

The Washingtons experienced no trouble whatever yesterday in easily defeating the strong Jersey City team, and gave an exhibition of batting and fielding that has seldom been seen here. Sixteen hits with a total of twenty-one bases was made off McDermott's pitching, while the Jerseyites were unable to make more than seven scattering hits off of Phillips, who received excellent support in the field. Washingtons' out-field did phenomenal work, and it has never been surpassed by any fielding ever seen in this city. Bader made a running catch of a long fly in the third inning that carried him against the fence, and Jorden also made a remarkable catch. Nicholas, who played right field, threw a man out at first on bit to his territory, a feat that is seldom attempted and rarely succeeds.

O'Brien led the batting, making five

hits out of as many times at the bat and making some pretty plays at sec-ond. Van Alstine, the third baseman of the Jersey Citys, made a number of excellent plays, and, altogether, the game was better than any of the previous games. The same clubs play again to day, and McCoy will be pitted against Fitzgerald.

What's the matter? Is the Brother-hood going under? The attendance yesterday, according to the figures given out, was Brotherhood 7,296, League 6,350. But of this Buffalo, which had no opposition, drew 2,100. In Brooklyn the League team drew 2,800, while Ward's team drew only 500 people. Quite a come down for the Brotherhood team that was drawing three times as many people as the League team a week ago. It's only a question of time when the Brotherhood go under, and from the rate at which the attendance is dropping off it is only a very short time. When the Players clubs get to playing in the West, where there is little or no sympathy with them, watch the attendance drop down like the mercury in a thermomcter on a cold day.

The results of yesterday's games in the Atlantic Association was as follows: Baltimore 9, Worcester 7; Hartford 8, Wilmington 6; New Haven 10, Newark 7.

By winning yesterday Washington tied for second place. Hartford now holds first honor by one game.

The Columbia Athletic team play the Johns Hopkins team on Analostan

Island to morrow. Bird injured his hand yesterday in sliding and had to retire. Nicholas took his place in right field.

President Spalding of the Chicago League Club said yesterday that all the about the National League going back on its adopted schedule was the weak invention of the enemy. The matter of transferring the Pittsburg-Chicago games to that city, he said, was an affair simply between the two clubs and affected no one else. Mr. Spalding

positively denied any intention of a general change in the League schedule. The Philadelphia Brotherhood Club, at their meeting last night, decided to take action on the desertion of Myers, Gleason, Clements, Thompson and Schriver from their club, and J. M. anderslice was empowered to enter suit against these men, asking that they be enjoined from playing with the League team. This action was brought about by the pushing of the Pickett and they have no doubt but what they will be able to stop these men

from playing. The suits will be be We are having more trouble with our umpires every day," said Captain Comiskey of Chicago while in Pitts-burg. "They are not up to the stand-ard. Ido not accuse them of favoritism, because I think they are honest, but their judgment is not what it might be.

The bout between Jack Hopper and Billy Myers to morrow night at Landeal of attention. There will be a large attendance from this city. The train leaves at 8 o clock sharp and returns at 10:30. There will probably be bouts arranged for Eddy Myers and Link Pope, who offer \$25 to anyone they cannot best in four rounds, and are willing to give ten pounds.

A RESOUNDING THUMP.

The "Original Package" Decision by the Supreme Court,

The decision of the Supreme Court, Justices Harlan, Gray and Brewer dissenting, in the so-called "Original Packages," is the hardest thump our friends the Prohibitionists have ever got. According to the opinion of the majority of the court, ardent spirits sent from one State to another are articles of inter-State commerce, and, if contained in the original package in the State to which they have been transmitted, cannot be selzed under State prohibitory regulations. In so far as prohibitory laws forbid the transmission through or the sale in the State which enacts them, of ardent spirits sent from another State and remaining in the original package, such laws vio-late the clause of the Constitution vest-ing in the Congress exclusive jurisdiction over commerce between the States.

The Prohibitionists must now turn their attention to Congress. Until they gain control of that body thirsty souls in Iowa can lawfully soak "in the original package" brought from Peoria or

THE FARCE ENDED.

Those Who Dance Must Pay the Fiddler," You Know.

The last act in the farce of the investigation of the "seditious" newspaper correspondents was enacted yesterday afternoon, when Mr. Jones of Nevada, as chairman of the committee to audit and control the contingent expenses of the Senate, signed the vouchers entitling each of the five correspondents called as witnesses to \$150

The correspondents were in actual atendance on the sessions of the commitce two days, but each of them was under subporna for fifty-one days, while the Senate was determining whether or not to commit them for contempt. The investigation of the publication of the secrets of executive sessions has cost the Senate about \$2,000 and has resulted in nothing.

DISMISSAL OF POLICEMEN,

It Can be Done by the Commissioners Without Trial, At the District buildings to-day there was considerable discussion over the opinion handed down yesterday in the United States Supreme Court in the matter of Eckloff vs. the District of Columbia. The Supreme Court sustains the decision of the Court in banc, in which the Commissioners of the District have the authority to dismiss a police officer for alleged cause and without the privilege of a trial, as was formerly the case prior to 1878, befor a police board. The opinion rendered by the United States Supreme Court is of especial interest to police officers.

In bank stock the only sale was of National Metropolitan, which brought 260 for 11 shares and 2601 for 10. This is cheap stock, as the day is near when a very large increase in the dividends of this bank will be made.

For 50 shares of Firemen's Insurance 46% was paid. This was a fair valua-tion, about 150 shares having been sold recently at the same price. The only discouraging feature about the stock is that the officers allege, with apparent candor, that it is impossible, with the constant introduction of new companies, which attract business from the old, to pay more dividends than are now declared. The stock on the present market price will pay a little over 4 per

cent, per annum.

For eight shares of Georgetown Gas stock 53 per share was paid. This is a good stock, and will pay close to 5 per

cent. at the price it brings. Chesapeake and Potomac Telephone stock, after selling at 72 for twenty shares and at 714 for ten, closed with no stock offering below 75 and with 71

Privately there is a good demand for U. S. Electric Light stock, and for sev-eral lots 115 was refused. The only offering on the board was of 10 shares at 117. On the board the convertible bonds to the extent of \$2,000 were

taken at 116). There were again no transactions in Graphophone stock; the best bid was 13 and the only offering at 14.

Bad Markmanship Saved Him, Yesterday afternoon about 4 o'clock there was a quarrel in the O street al-ley between George Wilson and Joseph Lee, both white. Wilson thought he was getting the worst of it, so he pulled his "gun" and blazed away at Lee. The bullet flew wide of its mark, but had the effect of scaring Lee pretty badly. Wilson has been arrested. In the Police Court this morning Wilson

was sent to jail for three months. Bacing men all over the country are cagerly discussing the three great spring remedy—Dr. Sage's.

MR GLADSTONE'S VIEWS

Tories Say They Have Changed Materially of Late,

LONDON, April 29 .- The assertion of the Conservative organs that Mr. Gladstone's speech in the House of Commons last Thursday shows him to have materially changed his views within the last few years regarding Irish land purchases, is not well founded in view of his other speeches on the same subject. It is altogether a mistake to suppose that Mr. Gladstone is, or ever has been, a strong supporter of the principle of land purchase. While he has been the author or the advo-cate of more than one land purchase bill, he has always been careful to in sist upon the necessity of certain well-defined conditions being complied with before any extensive operations of land purchase could with a safety be set in totion through the direct intervention the State. When Mr. Gladstone of the State. When Mr. Gladstone moved for leave to introduce a bill to make amended provision for the sale and purchase of land in Ire land in 1886, he took occasion to indicate what he regarded as a blot in the existing land purchase 'I consider," he said, "that these

acts present an extremely bad and dan-gerous form of dealing with this obli-gation, and I do so on the ground that their bases are to place the British treasury in contact with the individual occupier and farmer in Ireland. In my opinion this is not a wise policy. I do not entertain mistrust of the Irish man's disposition to liquidate his pecuniary engagements. I believe that he may very well, except-ing under circumstances of pecu-liar exasperation learning liar exasperation, bear comparison with his class in other countries in that matter. But it is a dangerous thing for a State which the course of policy and the condition of legislation have led the people to regard as essentially a foreign State to make these people in great numbers individually its debtors; dangerous, because tempting the debtor; dangerous, because extremely unsafe for the State, considered as a debtor. Notwithstanding the safeguards in Mr. Gladstone's bill for land purchase, forty members of the present Unionis party in Parliament opposed the measure, a number intimating that they would have supported the Liberal leader's Home Rule bill if he had not saddled upon them his Land Purchase bill, the latter causing their secession. Yet the majority if not all of these same members now propose to support Mr. Balfour's land purchase scheme, which, had it been introduced by Mr. Gladstone in 1886, would not have left him a dozen followers. It is hardly neces-

MR, CHAMBERLAIN'S SPEECH.

The Tory Organ Says His Suggestions Were Out of Place,

LONDON, April 29.-The Standard says of the speech delivered in the House of Commons last night by Mr. Chamberlain, that his sympathies were remarkably out of place and that the general tendency of the speech was in the direction of strengthening the hands of the opposition.
The Standard, however, thinks that

the government may agree to the inse tion in the land purchase bill of a clause which will give over certain powers to the local authorities to be later created.

Bismarck in Parliament. HAMBURG, April 29 .- The Hamburger Nachrichten repeats the assertion that Prince Bismarck will appear in Parliament, but says he will do so only to lend his counsel to the State.

CURED HER RHEUMATISM,

Cure,
From the Detroit Journal.
Bessie Miller lives at Carondelet, Mo. She was taken with pneumonia and was awful sick. Delirium set in and the burden of the girl's cry was for "John," that being the surname of the young man who had been keeping company with her for several months. The mother telegraphed for the father that their darling daughter was dying. In the meantime John was sent for and on his arrival the lacerated lungs seemed to heal up as though manipu-lated by a faith-curist. Her delirium passed away like mist before the morn-ing sun and she was bright and chipper as lark. John remained at her side as a lark. John remained at her side all day and on leaving in the evening promised to return next morning. Being out of a job it was an easy thing for him to do, and that second day's companionship entirely cured the girl. She is now in perfect health and the wedding cards have been sent out. Bessle's father, who paid good money to go home, hasn't fathomed the mys-tery yet, but when he hears the story he

winks slyly to himself. Seward's Snow Farm.

From the New York Tribune. The truth about the value of Seward's Snow Farm," as some have been wont to speak of Alaska, is not always told. "The prospective wealth of its almost interminable forests of spruce, pine, hemlock, etc., can scarcely be overestimated," writes an officer of the Navy stationed there; and its cod fisheries alone are said to be worth more than the whole Territory cost the Government. The population between 40,000 and 50,000, and the four principal exports—furs, gold, fish and lumber—footed a total of nearly \$10,000,000 last year. It is claimed that the cultivation of wheat, rye and oats and vegetables of all kinds has been successful, and that, as good pasture abounds, there are abundant opportunities for profitable stock-raising.
